

THE JGI STORY

JGI was founded in 1982 as a Software and Professional Services firm specializing in Human Resources, Payroll, and Benefits Solutions. Today, JGI drives business value by helping enterprises nationwide implement, improve, and integrate their systems and processes, delivering superior technology skills and vendor-specific expertise.

Our proficiency with various HR and Financials applications, including ADP, Oracle, PeopleSoft, Lawson, JD Edwards and Business Objects is unmatched. Our services support implementations, integrations, upgrades, support, optimization, consulting and managed services.

JGI has developed a suite of services built around our expertise in enterprise systems management and reporting:

- ◆ Oracle Practice – Specializing in PeopleSoft HCM & Financials Services
- ◆ Business Intelligence & Web Reporting Services
- ◆ HR21 Division – Specialized in ADP Enterprise Services

ORACLE PRACTICE – SPECIALIZING IN PEOPLESOFT HUMAN CAPITAL MANAGEMENT (HCM) & FINANCIALS

JGI can handle any Oracle needs from assessment through implementation and support, but our experience and capabilities optimizing PeopleSoft investments distinguishes us from other organizations. Our delivery teams are comprised of senior level consultants who bring extensive experience to your project in the areas of technology, business process design, data management and reporting analytics.
